

Electronic baby scale
M101000-01 CE class III approved

ADE

Electronic baby and toddler weighing scale for clinics and hospital use. The removable soft curved baby tray gives comfortable space to babies and when removed allows toddlers to be weighed in a standing up position. The weight of infants is measured precisely in 5 g steps. Operated by standard 6 x AA batteries and mains. Optionally is a carrying bag MZ10031 available.
